Sulfide Mining

Informational Forum

Sponsored by:

White Iron Chain of Lakes
Association.

Eagles Nest Lakes
Association

*Vermilion Community College
Theater
7:00 – 9:00pm*

Presenter

Gary E. Glass

Ph.D. in Chemistry from the University of Minnesota, Presently Adj. Prof. at UMD

Gary Glass was the Senior Research Chemist at the USEPA National Health and Environmental Effects Research Laboratory in Duluth, Mn. from 1968 until he retired in 2002. He has published 54 journal articles on studies of molecular structure of organometallic aquo ions, contaminant measurement methods, asbestiform fibers, disinfection, acidic precipitation susceptibility, mercury cycling toxicity mitigation, and hydrologic cycle of water impacts on law and policy.

Presenter

Bob Tammen

Bob Tammen worked in Northeastern Minnesota Mines for approximately 15 years. His wife Pat taught for many years in the Ely schools. Bob and Pat live in Soudan and own property on Birch Lake. Bob is active in environmental organizations, with a special interest in mining issues. Bob is speaking as a concerned citizen.

Mining Minnesota

Executive Director

Nancy Schuldt (12 min.)

Water Projects Coordinator

Fond du Lac Band

Gary E. Glass (12 min.)

Senior Research Chemist, Retired
U. S. Environmental Pollution Agency

Bob Tammen (12 min.)

Resident of Soudan

Worked in Mining Industry

Break

Questions for the Panel

Information and Discussion

Lobby

Approximately 9:00 – 10:00

Thank you for joining us this evening.

Presenter

Frank Ongaro

Executive Director of Mining Minnesota

Frank Ongaro served as president of the Iron Mining Association of Minnesota, was executive director of the Range Association of Municipalities and Schools, director of Intergovernmental Relations for the City of St. Paul, assistant to the commissioner of the Department of Labor and Industry, and assistant director of legislative relations for Minn. Governor Rudy Perpich.

Presenter

Nancy Schuldt

Water Projects Coordinator for the Fond du Lac Band of Lake Superior Chippewa

Nancy Schuldt has been working for the Band since 1997. She has a B.S. in biology from the University of Dayton, and a master's degree in aquatic ecology from the University of Kansas. She has been responsible for developing Fond du Lac's water quality program, which includes a comprehensive water quality monitoring program, data management and analysis, assessment and reporting, and criteria development.
